

Luxury Real Estate Photography & Marketing

About Us

Based in Lucerne, Switzerland, Real Estate Photo Hub specializes in premium property photography, cinematic videography, immersive Matterport virtual tours and digital home staging. Our mission is to elevate luxury real estate listings and help owners, agents and developers showcase their properties at their absolute best. With years of experience capturing high-end homes throughout Switzerland, we offer professional service, state-of-the-art equipment and a keen eye for detail.

Our Services

High-End Photography: 20–25 professionally edited photos capturing every angle of your property.

360° Virtual Tours (Matterport): Immersive 3D tours that allow buyers to explore every room from anywhere.

Cinematic Videography: 60–90 second cinematic videos showcasing spaces with dynamic movement and storytelling.

Digital Home Staging: Beautifully staged virtual interiors that inspire buyers and help them see the possibilities.

Benefits

Faster sales and rentals for high-end properties through outstanding visual presentations.
Attract more qualified buyers with professional photos and videos that stand out.
Give potential buyers a true sense of space with immersive virtual tours.
Differentiate your listings and increase perceived value with digital home staging.
